SUMMARY

Passionate web developer skilled in building scalable web applications using the MERN stack. Experienced in front-end and back-end development, responsive design, secure authentication systems, and optimized UI/UX. Adept at working with REST APIs, state management, and modern development tools. Seeking opportunities to contribute to impactful projects and grow technical expertise.

PROJECTS/EXPERIENCE

I-NOTEBOOK (React | Node.js | Express | MongoDB | JWT Authentication | Bootstrap)

- Built a full-stack MERN application enabling users to securely create, edit, delete, share and manage notes.
- Implemented JWT-based authentication and bcrypt.js password hashing for secure logins.
- Designed responsive React front-end with Context API and Redux for state management and React Router for navigation.
- Developed RESTful APIs with Express and integrated MongoDB for persistent storage.
- Improved usability with CRUD operations, validation, and clean UI for smooth user experience, enhancing efficiency by 30%.

Spotify Clone (HTML | CSS3 | JavaScript)

- Designed and developed a fully responsive music streaming website.
- Included features like play/pause, volume control, and music library loading.
- Using fetch API to fetch music from the localhost server.
- Optimized for both desktop and mobile devices.

Portfolio Website (React | Tailwind CSS | Framer Motion | EmailJS)

- Developed a modern and responsive personal portfolio website to showcase projects, skills, and about.
- Implemented smooth animations using Framer Motion, integrated EmailJS for real-time contact form submissions, and added a one-click resume download feature.
- Designed a clean, mobile-friendly interface and hosted the site online for accessibility.

SKILLS

- **Languages**: JavaScript (ES6+), HTML5, CSS3
- **Frameworks & Libraries**: React, Redux, Node.js, Express.js, Bootstrap, Tailwind CSS
- **Databases**: MongoDB
- **Tools & API Testing**: Git, GitHub, Postman
- **Other**: REST API, API Integration, JWT Authentication, CRUD Operations, Full-Stack Development, Frontend Development, Backend Development, State Management (Context API & Redux), Responsive Design, Debugging & Testing, Database Management, Version Control, Agile, Collaboration

EDUCATION

- B.Tech in Information Technology |Government Engineering College Jagdalpur | 2022 - present.
- XII (CBSE) | Mennonite English Senior Secondary School, Dhamtari(C.G).

HOBBIES

- Reading books.
